**About Technology Metals Australia Limited**

**Technology Metals Australia Limited (ASX: TMT)** was incorporated on 20 May 2016 for the primary purpose of identifying exploration projects in Australia and overseas with the aim of discovering commercially significant mineral deposits. While the Company's primary exploration focus will be on vanadium in the mid-West region of Western Australia, the Company will also review the potential for economic mineralisation of various other commodities. The Company intends to seek, evaluate, review and if appropriate acquire interests in additional resource based projects with a focus on technology and precious metals.
