# APPOINTMENT OF PROJECT DIRECTOR TO DRIVE GABANINTHA DFS

## HIGHLIGHTS

- **MINING INDUSTRY PROJECT DEVELOPMENT PROFESSIONAL DAVID ENGLISH APPOINTED TO DRIVE THE DFS ON THE GABANINTHA VANADIUM PROJECT.**
- **TRACK RECORD OF SUCCESSFULLY PROGRESSING PROJECTS THROUGH DEVELOPMENT STAGES.**

## BACKGROUND

Technology Metals Australia Limited (ASX: **TMT**) ("**Technology Metals**" or the "**Company**") is pleased to announce the appointment of Mr David English to the Company as Project Director. David's role will be to oversee the progression of the Gabanintha Vanadium Project ("**Gabanintha**" or "**Project**") Definitive Feasibility Study ("**DFS**"), which is being managed by Wave International ("**Wave**") supported by a range of industry leading consultants.

Mr English has over 30 years of experience ranging across maintenance, operational and development roles within the mining industry, including in excess of 10 years in managerial and project development roles.

He has recently been involved in the development of Independence Group's Nova Nickel Project, progressing the project through pre feasibility study, definitive feasibility study, construction and commissioning. Prior to his involvement at Nova Mr English was Project Manager – Construction for Sandfire Resources' very successful De Grussa copper project. His most recent role was as Project Director for the Western Australia Lithium Pty Ltd joint venture that is developing the Mt Holland Earl Grey lithium deposit.

Mr English was General Manager Operations at the Windimurra Vanadium Project from February 2008 until February 2010 involved in the process of re-developing the project. His experience and knowledge gained from his time at Windimurra, including environmental approvals and permitting, commissioning and project ramp up, will be invaluable as it is applied to the progression of the Gabanintha DFS and the subsequent development pathway.

**Managing Director Ian Prentice commented:** "We are delighted that David has joined the Technology Metals management team, bringing vast project development knowledge and experience to our team as we rapidly progress the high quality DFS on the World class large, long life, low cost Gabanintha Vanadium Project".

For, and on behalf of, the Board of the Company,

Ian Prentice

**Managing Director**

**Technology Metals Australia Limited**
